Research study
Do you have obsessive-compulsive disorder?

Do you:

*** Have repetitive thoughts/fears that don't make sense but still make you feel anxious?**

*** Feel compelled to check or repeat things over and over again?**

*** Feel compelled to wash excessively or avoid touching things for fear of contamination?**

*** Have excessive concerns about symmetry or order?**

The UCSD Obsessive-Compulsive Disorders (OCD) Program is looking for people with OCD to take part in a research study that is offering:

- **Free Diagnostic Evaluation & Free Psychological Assessment**

You may be eligible if you:

*are 18-85 years old and have OCD. * are NOT actively psychotic or suicidal. * do NOT have active substance abuse/dependence, mental retardation, or dementia.

FOR MORE INFORMATION: **(858) 246-1872**
